

DENON DN-X500 DJ MIXER

Professional 19 inch Rack-Mount Matrix Mixer DN-X500

. We listen, we understand, we build, New DNX500 rackmount Mobile/Club DJ mixer. Rock solid construction, superb audio fidelity, high quality parts, and of course reliability are the core ingredients of our design.

The DNX500's unique features provide Mobile and Club DJs tremendous flexibility and intuitive control. Eight-channel input matrix routing gives you the freedom to move any source to any channel or even the same source to multiple channels for remixing. Pre-fader level metering and gain control as well as Long 60 mm smooth channel faders are individually replaceable with our rotary knob option (ACD-46).

Three-Band EQ with full output kill, booth output with channel select, two mic inputs with talkover sensitivity and effects send/return with cue, dry/wet knob and channel select should all make this new mixer the one you've been waiting for.

FEATURES

* Powerful Clean Headphone Output

Cross Fader and Channel Fader-Start Trigger is compatible with all Denon DJ CD/MP3 players.

* Compact 4U Rack Space

- * Independent 3-band Main & Aux Mic EQ
